THE SMALLPOX SCARE. -- It has been known for several weeks that smallpox existed in Maysville, but until recently information has generally been withheld and the matter has been so covered up that the public outside of Maysville knew scarcely anything about it. The facts are leaking out. The disease is there, of an epidemic form and of the most malignant and fatal type. The kind we had in Mt. Olivet a few years ago is not to be compared with it. Some few recover, but a majority of persons who take the disease die within forty-eight hours. More than sixty deaths have resulted in Maysville already .- Robertson Advance.

One of the most puzzling problems in the newspaperman's life is to "run down" the source of "information," particularly when that information is of such an exaggerated type as the foregoing.

But, assuming that Messrs. STILL & BROWN, Editors and Publishers of The Advance, are gentlemen who seek the exact truth, and who would not knowingly injure their own paper by printing unreliable news, The Ledger specifically points out the misstatements in the foregoing.

There has been neither desire nor attempt on the part of anybody here to "cover up" or "withhold" anything concerning the smallpox; indeed, both daily newspapers have published the names of those afflicted, with their residence.

This being the case, the "facts" have been "leaking out" almost daily.

It is true that "the disease is here," and it has been, in a more or less aggravated form, since October 29th, 1902. From that date to the present hour there have been exactly 125 cases of all degrees, from mild varioloid to the confluent type.

Of these 125 cases, exactly 24 have died; and of this number 5 can be attributed to other complications-1 from chronic kidney trouble, 1 from general debility, 1 from heart failure, 1 from goiter, and 1 an infant born while the mother was ill with smallpox. One of these victims was nearly 80 years of age and two others were nearly 60. But, so far from "covering up" or "withholding" the "facts," all were credited directly to smallpox.

These being the exact figures, where is the warrant for the concluding declaration that "few recover" and a majority die within fortyeight hours? Or for the assertion that there have been "more than sixty deaths?"

Besides, the Health Officers of Fleming, Nicholas and Bracken counties have been here in person, impelled by the alarming reports that had reached them, and in each instance they went home and published in their county papers an official statement of the real condition of affairs, doing the fullest justice to the physicians and people of Maysville, and thus honoring themselves and their profession.

The Ledger sincerely hopes they will come, and it assures them of the most courteous treatment and every opportunity to arrive at the whole truth.

### THE TRUE STATE OF PAST AND PRESENT CONDITIONS IN THE CITY OF MAYSVILLE.

Since October 29th, 1902, there have developed in this city 125 cases of smallpox of all types. In that time we have had 24 deaths. There are now under treatment in this city four cases, all convalescing. There are now seven families that have not been released from quarantine, but are well. There is one case at the County Pesthouse and twenty-four persons confined there, seven of whom have been afflicted with the disease. Compulsory vaccination is being enforced from house to house, in H. K. ADAMSON, both city and county.

Maysville, Ky., April 18th, 1903.

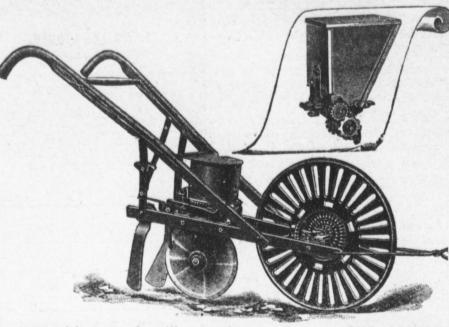

Since the foregoing was written—Saturday, April 18th,—there have been just two new cases: Anthony Beasley, 543 West Second, and Thomas Bradford, Walnut street near Forest avenue, both of whom are now in the County Pesthouse, two-and-a-half miles from the city; and this is the exact condition at 9 o'clock a. m., Tuesday, April 21st.

PRETTY society girls to pose as art models at the Art Museum is the latest novelty in the Cincinnati social world. Burglars have for a year or so past been singularly successful in raiding rural Banks and getting away with the boodle and whole skins. But a few days since the gentry swooped down on the town of Wampum, Pa., and among the 766 inhabitants was one man who was marksman enough to kill one of the robbers. It is safe to say that that gang will seek some other wampum belt in the future.

Mr. John Alexander, who was excused from Jury service by Judge Cantrill in the Howard case, asks a correction of the statement which has been put out by the newspapers that he "was the only Republican on the Jury." Mr. Alexander wants it understood that he never was a Republican, but on the contrary has been a life-long Democrat. THE LEDGER complies with Mr. ALEXANDER'S request with pleasure-not so much as a matter of justice to him, but as a matter of justice to the Sheriff of Franklin county. When the report was first started it was not believed that the Sheriff had made such a serious mistake as summoning a single Republican to serve on the Howard or Powers Juries, and now it is known that he did not.

OUR VINOL IS A STRENGTH

The saddest sight on earth is a brokendown man or woman

here in our city. It is pitiful to see a man that should be in his prime dragging himself through life dejected, discouraged and broken down, due to some premature weakness. It does not make any dif-

or disease; it can be overcome. We have known of many very serious Vinol is a scientific rebuilder and strength creator. It contains the active

into that subject. We could quote many instances where Vinol has done good; as an example, here is one coming from Jane S. Fenfren, a prominent member of the W. C. T. U., and a resident of Suncook, N. H.

May to March. Was so nervous and sickly that every one thought I was in a most precarious condition. My weight was reduced to 120 pounds. I was advised to take Vinol, which I did, and am now very much better, and am able to be about again. As a rebuilder and a strength giver nothing can equal it. Vinol is a God-blessing to anybody."

Because Vinol is delicious, and because it does contain these much-sought-after medicinal properties we endorse it, and we unhesitatingly proclaim that it is better than any preparation of cod-liver oil or tonic rebuilder we have ever had in our store.

It was also ordered that after the 1st of April the old rule of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and indiscriminately enforced, regardless of whom it may connately enforced, regardless of whom it may concern. (This action was taken, not to appear arbitrary, nor with the idea that the accounts of the consumers were not perfectly good any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the Company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the Company's Agents and employes, now so largely occupied with this work of collecting, might, for the balance of the month, be directed towards giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that, beginning the first of May, and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall thereafter be due and payable at the office of the Company on Court street within five days and in of a residuance.

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did. and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

# OINTMENT

Purest of Emollients and Greatest of Skin Cures.

The Most Wonderful Curative of All Time

For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectually, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansor "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, as well as for all purposes of the toilet, bath and nursery.

# Dan Cohen's Wonderful Shoe Business

Has been the surprise of all the shoe dealers in Cincinnati. Goods bought in carload lots for spot cash by buyers of long experience and good judgment is the reason we can sell GOOD GOODS for LESS MONEY THAN OTHER PEOPLE.

# Carpet.. CLOTHING TALK!sss

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inpection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-tomeasure Suits. You can get them cheaper elsewhere, but not like ours. Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
